

# Freeriding – but safe

## Avalanche Course Winter 2009/10

How do you interpret the avalanche bulletin? How can you assess the danger on site?

In our various avalanche courses, with the Avalanche-Training-Center (ATC) in Mürren, you will learn extensive knowledge in a very realistic training.

Above all one thing may not be forgotten – FUN! Descent the most spectacular freeride slopes of the Schilthorn region with local mountain guides.

### One-day Avalanche Course:

18./19./20. December 2009	13./14. February 2010
27./28. December 2009	20./21. February 2010
3. January 2010	4./6. March 2010
8./9./10. January 2010	

Further dates on request

½ day in the ATC in Mürren, ½ day practice in the ski area with the daily avalanche bulletin.

### Included...

- use of the new AT-Center in Mürren for ½ day
- use the different avalanche rescue transceiver (Mammut, Ortovox, Tracker, Pieps)
- the mountain guide

### Guaranteed...

- maximal freerider enjoyment
- optimal instruction (learning by doing)
- small group (4–6 persons)
